Velocity@ Novena Square

hosts the first bowling tournament in a shopping mall

UOL Group through Velocity@Novena Square, the main sponsor of the 40th Singapore International Open 2007 - Step Ladder finals, is proud to present the Step Ladder Final on 29 September 2007. For the first time ever worldwide, the Step Ladder Final is held in a shopping mall creating a total integrated shopping experience with a twist of sporting excitement. Two new bowling lanes were brought to the shopping mall, specially for this event.

With the event kicked off on 22 September, shoppers at Velocity were trying their bowling skills with the free trials extended to the community. Besides the personal bowling experience, shoppers could also pick up a few bowling tips from the professional bowlers' practice session.

A special 40-hour bowling marathon successfully created a new record in the Singapore Book of Records. Dr Vivian Balakrishnan, Minister of Community Development, Youth and Sports and Singapore Golden Boy, Remy Ong rounded up the marathon with their charity game for Assisi Hospice, raising \$57,000 for the hospice. We had the pleasure of having Mrs Jessie Phua, the first Singaporean to be appointed as

Shoppers at Velocity enjoyed a rare visual treat as both the men's and women's finals of this international tournament were staged. The women's final was between Zatil Iman and Sharon Koh, from Malaysia and the men's final was between Mika Koivuniemi of Finland and Daniel Lim of Malaysia. Both games were extremely competitive and exciting.

Mr Teo Chee Hean, Minister for Defence who graced the closing ceremony by attending the Men's final and presenting the prizes to winners was impressed with the event with its innovative location. Minister Teo later exchanged his views with UOL Group's President and Chief Executive Officer, Mr Gwee Lian Kheng and Chief Operating Officer, Mr Liam Wee Sin at the victory banquet, also held at Velocity.

This event created a huge buzz with the local and foreign media. The finals were broadcasted worldwide on ESPN and were captured by the local newspapers and television channels in Singapore.

Besides bringing bowling closer to the shoppers, Velocity@Novena Square is bringing innovation to the next level by celebrating this Christmas on ice – Snowscape@Velocity at the mall. On 24 and 25 November, it brought in 2.6 tonnes of pure white snow and introduced the first-ever snowball fight and snowman building contests in Singapore. Shoppers can also enjoy ice skating, ice putting and other fun-filled winter activities as well as special ice skating performances by professional Australian ice-skaters between 27 November to 23 December.

Mall In A Play Land

Character Dustbin

More than just a mall, United Square – the Kids Learning Mall has recently put in place several kiddy elements around the mall. The move was part of our efforts to create a fun play-and-learn environment for kids extending beyond the boundaries of the classroom environment while creating a truly unique shopping experience for the family.

Being the only kids oriented mall in Singapore, we are able to leverage and capitalise on this unique positioning to provide the best to shoppers. Understanding the needs of families and meeting their expectations are our priorities. With this vision in mind, United Square has purposefully installed play facilities at different parts of the mall to provide a wider plethora of play choices. Parents can now shop with peace-of-mind as their kids engage in fun play activities.

We have placed colourful seats in all parts of the mall and one of the largest interactive play screens in a Singapore mall to foster relations and to promote family togetherness. There are also play modules for toddlers and kids to encourage physical, social and cognitive development, which are essential in early childhood development. Another unique feature added are the colourful character dustbins specially fabricated to provide the extra touch of a kiddy mall.

This “Mall In A Play Land” concept will definitely push the boundaries of retail business and provide a whole new shopping experience at United Square.
